Help Shape the Future of Teacher Preparation

Noticing the 6Cs: A Three-Point Study of Teacher Candidates' Coursework Experience

Are you a Master of Arts in Teaching (MAT) Elementary Education candidate? Share your perspective on how the 6Cs (Collaboration, Communication, Content, Critical Thinking, Creative Innovation, and Confidence) show up in your coursework.

What's Involved

- Three short surveys across the semester (beginning, middle, end)
- About 10–15 minutes each
- Fully voluntary — participation has no bearing on your grades or standing

What You Get

- A chance to win one of several $25 gift cards at each checkpoint
- A voice in how teacher preparation programs evolve

How to Participate

Your instructor will share survey links via your Canvas course(s). You can take surveys in each of your classes.
